Dear Parents

In recent weeks, complaints have been made by a number of former students that a member of staff had previously engaged in inappropriate conduct with secondary students, in breach of College protocols and policies dealing with staff and student interactions.

The College takes these complaints very seriously. We are taking any and all steps needed to understand the extent, and impact, of any such conduct on any current and former students. This type of conduct is wholly unacceptable and has no place in any school setting.

Following an independent investigation, the staff member no longer works at the College, and we have reported these matters to all the relevant authorities.

We have written to old Collegians and current students, to say that if they have had a similar experience, the College offers its support and assistance to them. We encourage you to discuss these matters with your children and if they would like to discuss their experience, they should contact the Principal, or the Deputy Principal - Head of Secondary, or the Director of Student Wellbeing (contact details below).

We sincerely thank the brave former students who brought these matters to the College's attention.

Yours sincerely

Rabbi James Kennard
Principal

Amy Hershman
President
